

## PPR Adoption Application

If you are interested in giving a pigeon a loving home, please begin by filling out our adoption application form. This gives us a better idea of your setup and helps us match you with the right pigeon.

Once your application is approved, we'll guide you through the next steps and help match you with the right bird for your home. In some cases, we may arrange a visit so you can get to know the bird before finalising adoption. Our support doesn't stop there! We'll always be available for advice, guidance, and questions as you welcome your new feathered companion.
